

CLUB TABLE

Having adopted its formal distinctive base design, the Club Table also perfectly complements the Club Chair - making it a strong unit. The Club Tables can

also be combined with PARCS American Diner and Wing Sofa or generally as side table or small meeting table.

Design: Pearson Lloyd

bene

INSPIRING OFFICES. SINCE 1790.

PRODUCT DESCRIPTION

- ❶ **Table top:** available in 25 mm veneered MDF, 13 mm melamine compact top or 19 mm melamine chipboard.
- ❷ **Column:** in metal white or black matt powder-coated or CR chrome, diameter: 50 mm

BENE WORKS SUSTAINABLY

Bene plays a leading role in responsible environmental management. This policy is practised throughout all company divisions – from product development, procurement, production and logistics to product recycling. Bene considers ecology to be a central element of its responsible and sustainable corporate strategy. Bene sees the legal regulations as minimum requirements and strives for better and more sustainable environmental protection throughout the group. Bene's environmental policy principle is: **Avoidance – Minimisation – Recycling – Disposal.**

PARCS CLUB TABLE - ECOLOGICAL STANDARDS

- 92.10% recyclable
- 66.90% renewable raw materials
- 56.56% use of recycled product materials (24.86% post-consumer, 31.69% pre-consumer)
- 37.19% use of recycled product materials that comply with LEED (24.86% post-consumer, 31.69% pre-consumer)
- Resource-conserving product design
- Use of certified wood (chain of custody)
- Use of materials tested for presence of hazardous substances
- No PVCs, lead or mercury
- Individual parts can be sorted according to homogeneous categories
- Recyclable, with a positive contribution to the carbon footprint(average 39 kg CO₂)

PARCS CLUB TABLE LEED POINTS

Leadership in Energy and Environmental Design (LEED) is a system developed by the U.S. Green Building Council to classify ecological construction. As an internationally recognised standard, LEED sets out numerous guidelines for environmentally friendly, resource-efficient, and sustainable construction. The use of PARCS Club Table is an important contribution to LEED certification. The following criteria for this are from »LEED 2009 for Commercial Interiors«:

MR Credit 4	Recycled content	up to 2 points
MR Credit 5	Regional materials	up to 2 points
MR Credit 7	Certified wood	up to 1 point
IEQ Credit 4.5	Material with low hazardous substance content	up to 1 point
