

B_RUN

The B_Run office chair adjusts to the user in every way: with its intelligent technology, readable functionality, ergonomics and optical and functional diversity. Its clear, graphic design language is restrained, elegant and yet self-confident. Combining the various

elements of the B_Run office chair enables a high level of individualisation. B_Run, a swivel chair with a shape that is harmoniously integrated in Bene's product portfolio.

Design: Justus Kolberg

PRODUCT DESCRIPTION

- ❶ **Seat upholstery:** Ergonomically shaped seat upholstery made of polyurethane cold foam. Optionally available with seat-depth adjustment or seat-tilt and seat-depth adjustment, cannot be retrofitted. Seat height adjustable. Optionally available with flame-resistant foam.
- ❷ **Backrest:** Optionally available at medium or low height in mesh, upholstery or PP-membrane.
 Mesh: circumferential plastic frame with functional polyester fabric.
 Upholstery: Polypropylene back tray with ergonomically shaped upholstered back made of polyurethane cold foam.
 PP-membrane: Ergonomically shaped polypropylene plastic back in black.
- ❸ **Frame:** Swivel base, 5-star, made of plastic or aluminium. Comes standard with hard castors for soft floors or soft castors for hard floors, or optionally with plastic or felt glides.
- ❹ **Armrests:** Fixed armrests/loop armrests: Polypropylene plastic in SZ black. 2D armrests/3D armrests: Polyamide plastic in SZ black with pad support in SZ black.

OVERVIEW AND DIMENSIONS

OPTIONS

NECK SUPPORT

Made of polypropylene plastic, black. Only possible with a medium-high backrest.

LUMBAR SUPPORT

The height of the lumbar support can be adjusted to give your back additional support in the lumbar region without putting any perceptible pressure on it.

The support consists of an ergonomically shaped pad made of plastic (for mesh and padded backrests) or of a PP-membrane (for plastic backrests).

Adjustment range: 100 mm on chairs with mesh back/80 mm on chairs with upholstered back.

CLOTHES HANGER

Made of polypropylene plastic, black.

FUNCTION

Adjusting the seat height

The desired seat height is adjusted by pressing the button on the front right. Seat height can be adjusted from 400 - 510 mm.

Seat depth adjustment

With the button at the right back the seat depth can be increased up to 50 mm. Range: 390 to 440 mm; can be locked in place in 5 positions.

Locking the backrest

Using the lever on the front left, the seat and backrest can be moved in synch and locked in one of four positions. Press the lever again and lean on the backrest to release.

Seat tilt adjustment

When the lever on the front left is in the lowest position the angle of the seat can be tilted forward 4 degrees. Not available in combination with 2D armrests.

Backrest resistance

By turning the knob at the front left, the amount of pressure of the backrest can be adjusted to fit body weight and the user's individual impression of what is most comfortable. Quick and easy to adjust while sitting. Adjustment range: 45 - 120 kg body weight.

Armrests

- **Fixed armrests:** Make getting up and sitting down easier.
- **Loop armrests:** Make getting up and sitting down easier.
- **2D armrests:** Adjustable in height and width. Adjustment range: Height 100 mm/width 70 mm.
- **3D armrests:** Adjustable in height, width and depth. Adjustment range: Height 100 mm/width 70 mm/depth 60 mm. Can be rotated 30 degrees.
