

# C-SIDE TABLE

## AESTHETIC & FUNCTIONAL

The C-Side Table combines functionality and design. It is an indispensable element, especially in lounge and communication areas, and is a perfect complement to the furnishing of these areas. The side table can be used as a touch-down workstation or serve as a place for personal items.

The minimalist C-Side Table is available in the height of 65 cm and has a high stability thanks to the compact design. The table top can be configured individually. The table legs and base are made of black powder-coated steel. The C-Side Table is flexible and easy to lift and move.

**Design: Christian Horner**
