NOOVO BY BENE

SIT WITH US

A timeless chair that brings people together and offers many possibilities for individualisation. Suitable for indoor and outdoor use, it offers a unique combination of sustainability, versatility, durability, individuality and comfort. Five different colours and the easily interchangeable seats in five different versions leave open many options for customising the chair. The ecological footprint of the chair is reduced by the use of post-consumer recycled material.

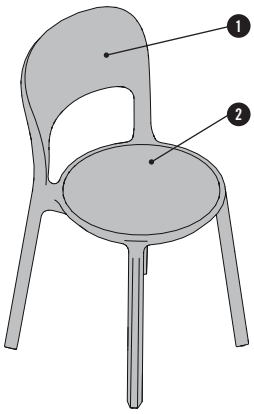
PRODUCT DESCRIPTION



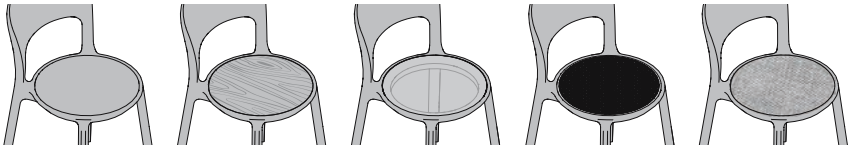
❶ **Chair:** The chair is made of 100% recycled polypropylene plastic (PP) without the addition of glass fibres and can therefore be disassembled into its separate materials for recycling. The glides are made of either plastic or felt.

❷ **Seat:** The seat can be chosen from among five different materials and can be exchanged by the end customer.

- Plastic: always in the same colour as the chair
- Wood: plywood with real wood veneer
- Mesh
- Viennese wickerwork
- Upholstery: polyurethane cold foam covered with fabric, imitation leather or leather according to the manufacturer's collection. A flame-resistant version (CRIB 5) is available as an option.

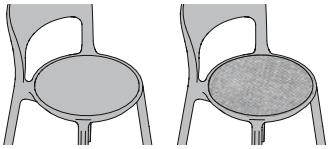
The plastic or upholstered versions (with outdoor fabric and foam) can also be used outdoors.

Indoor:



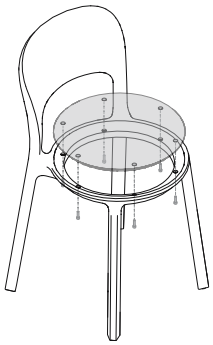
Seat made of plastic | Seat made of wood | Seat made of mesh | Seat made of Viennese wickerwork | Seat upholstered with fabric or leather

Outdoor:



Seat made of plastic | Seat upholstered with fabric

REPLACING THE SEAT



The seat is attached to the chair frame with 6 screws. The replacement can be carried out entirely by the end customer.
