CABLING

Cables can be fed through the table frame. They are fed along the table leg, where they are attached with a Velcro fastener. The workbench is also available with a mesh tube.

STUDIO WORKBENCH SINGLE DESK

STUDIO WORKBENCH

ACCESSORIES

Various accessories are available to round out the STUDIO Workbench perfectly and adapt it to individual needs. They can be integrated into the organisation board without the use of tools.

STUDIO TOOLBOX

The toolbox is available in three materials and two different sizes. However, the ceramic version is only available in “small”.

Veneer: EY oak, syt
Ceramic: White
Steel: Black or copper-coloured, powder-coated

The toolbox can be used for the organisation board.

STUDIO PLUGBOX

The plugbox can be configured in various designs. The enclosure around the connection plug board is made of black powder-coated steel. The plug box is intended for use in the organisation board.

STUDIO PENCIL TRAY

The pencil tray is made of black powder-coated steel. It is placed into the organisation board.

STUDIO COVER

The cover is placed over unused niches in the organisation board and is available in “small” and “large”. It is made of black powder-coated steel.

STUDIO TABLE BOOKEND

The table bookends are available in “small” and “large”. They are made of black powder-coated steel. The bookends are placed into the organisation board.
