# LOCKER\_S

## HOME BASE FOR PERSONAL BELONGINGS

LOCKER\_S is a storage solution designed to securely store employees' work tools and personal belongings. In modern, flexible work environments with shared desks, LOCKER\_S proves highly practical, providing a central space for daily essentials. It promotes organization and security, enabling employees to move freely around the office without needing to carry everything with them.

Additionally, LOCKER\_S helps keep workspaces tidy and well-organised, creating a more pleasant and efficient working environment overall.

# INDIVIDUAL STORAGE

LOCKER\_S brings structure to open office landscapes and offers tailored storage solutions for open spaces. Its combination possibilities are virtually limitless. The cabinets can be configured and paired in a range of heights and can be complemented by either an open or closed wardrobe unit.

# MODULAR EXTENSION

The optional LOCKER\_S bench adds even more comfort. It can be connected to the cabinet or placed freely within the room. The Planter Box offers space for greenery and helps create a pleasant indoor environment.

The open LOCKER\_S Box provides an additional design feature, ideal for decorative elements or as an open storage space. The freely selectable width and depth offer maximum flexibility in design.

# PRACTICAL AND SECURE

Additional features, such as a mail slot with a letter compartment and a business card holder, make LOCKER\_S by Bene a truly versatile storage solution for the office. For the lowest compartments, optional pull-out drawers provide easy and ergonomic access to contents.

Various locking systems are available for security, such as cylinder locks, mechanical combination locks, or NFC locks, ensuring protection against unauthorized access.

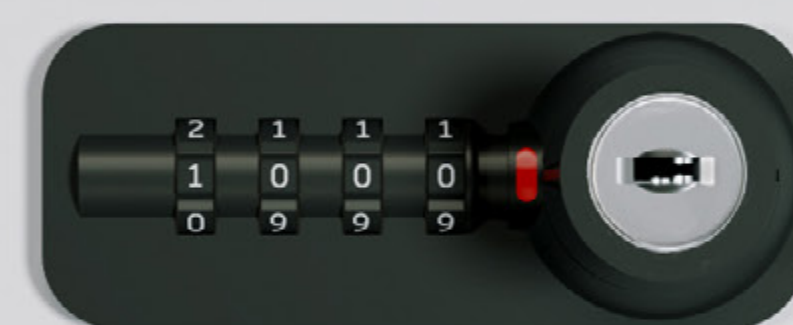

## CYLINDER LOCK

- Includes folding and flat key.

## COMBINATION LOCKS

- Freecode: freely selectable combination.
- Fixcode: for personal long-term use.

## NFC LOCK

- Batteryless, digital lock.
- Simple operation via smartphone.

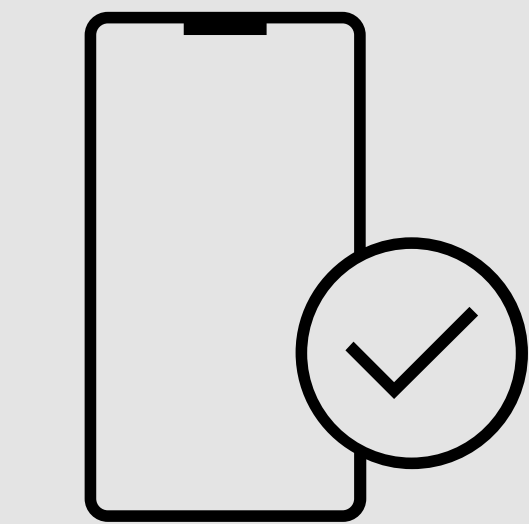

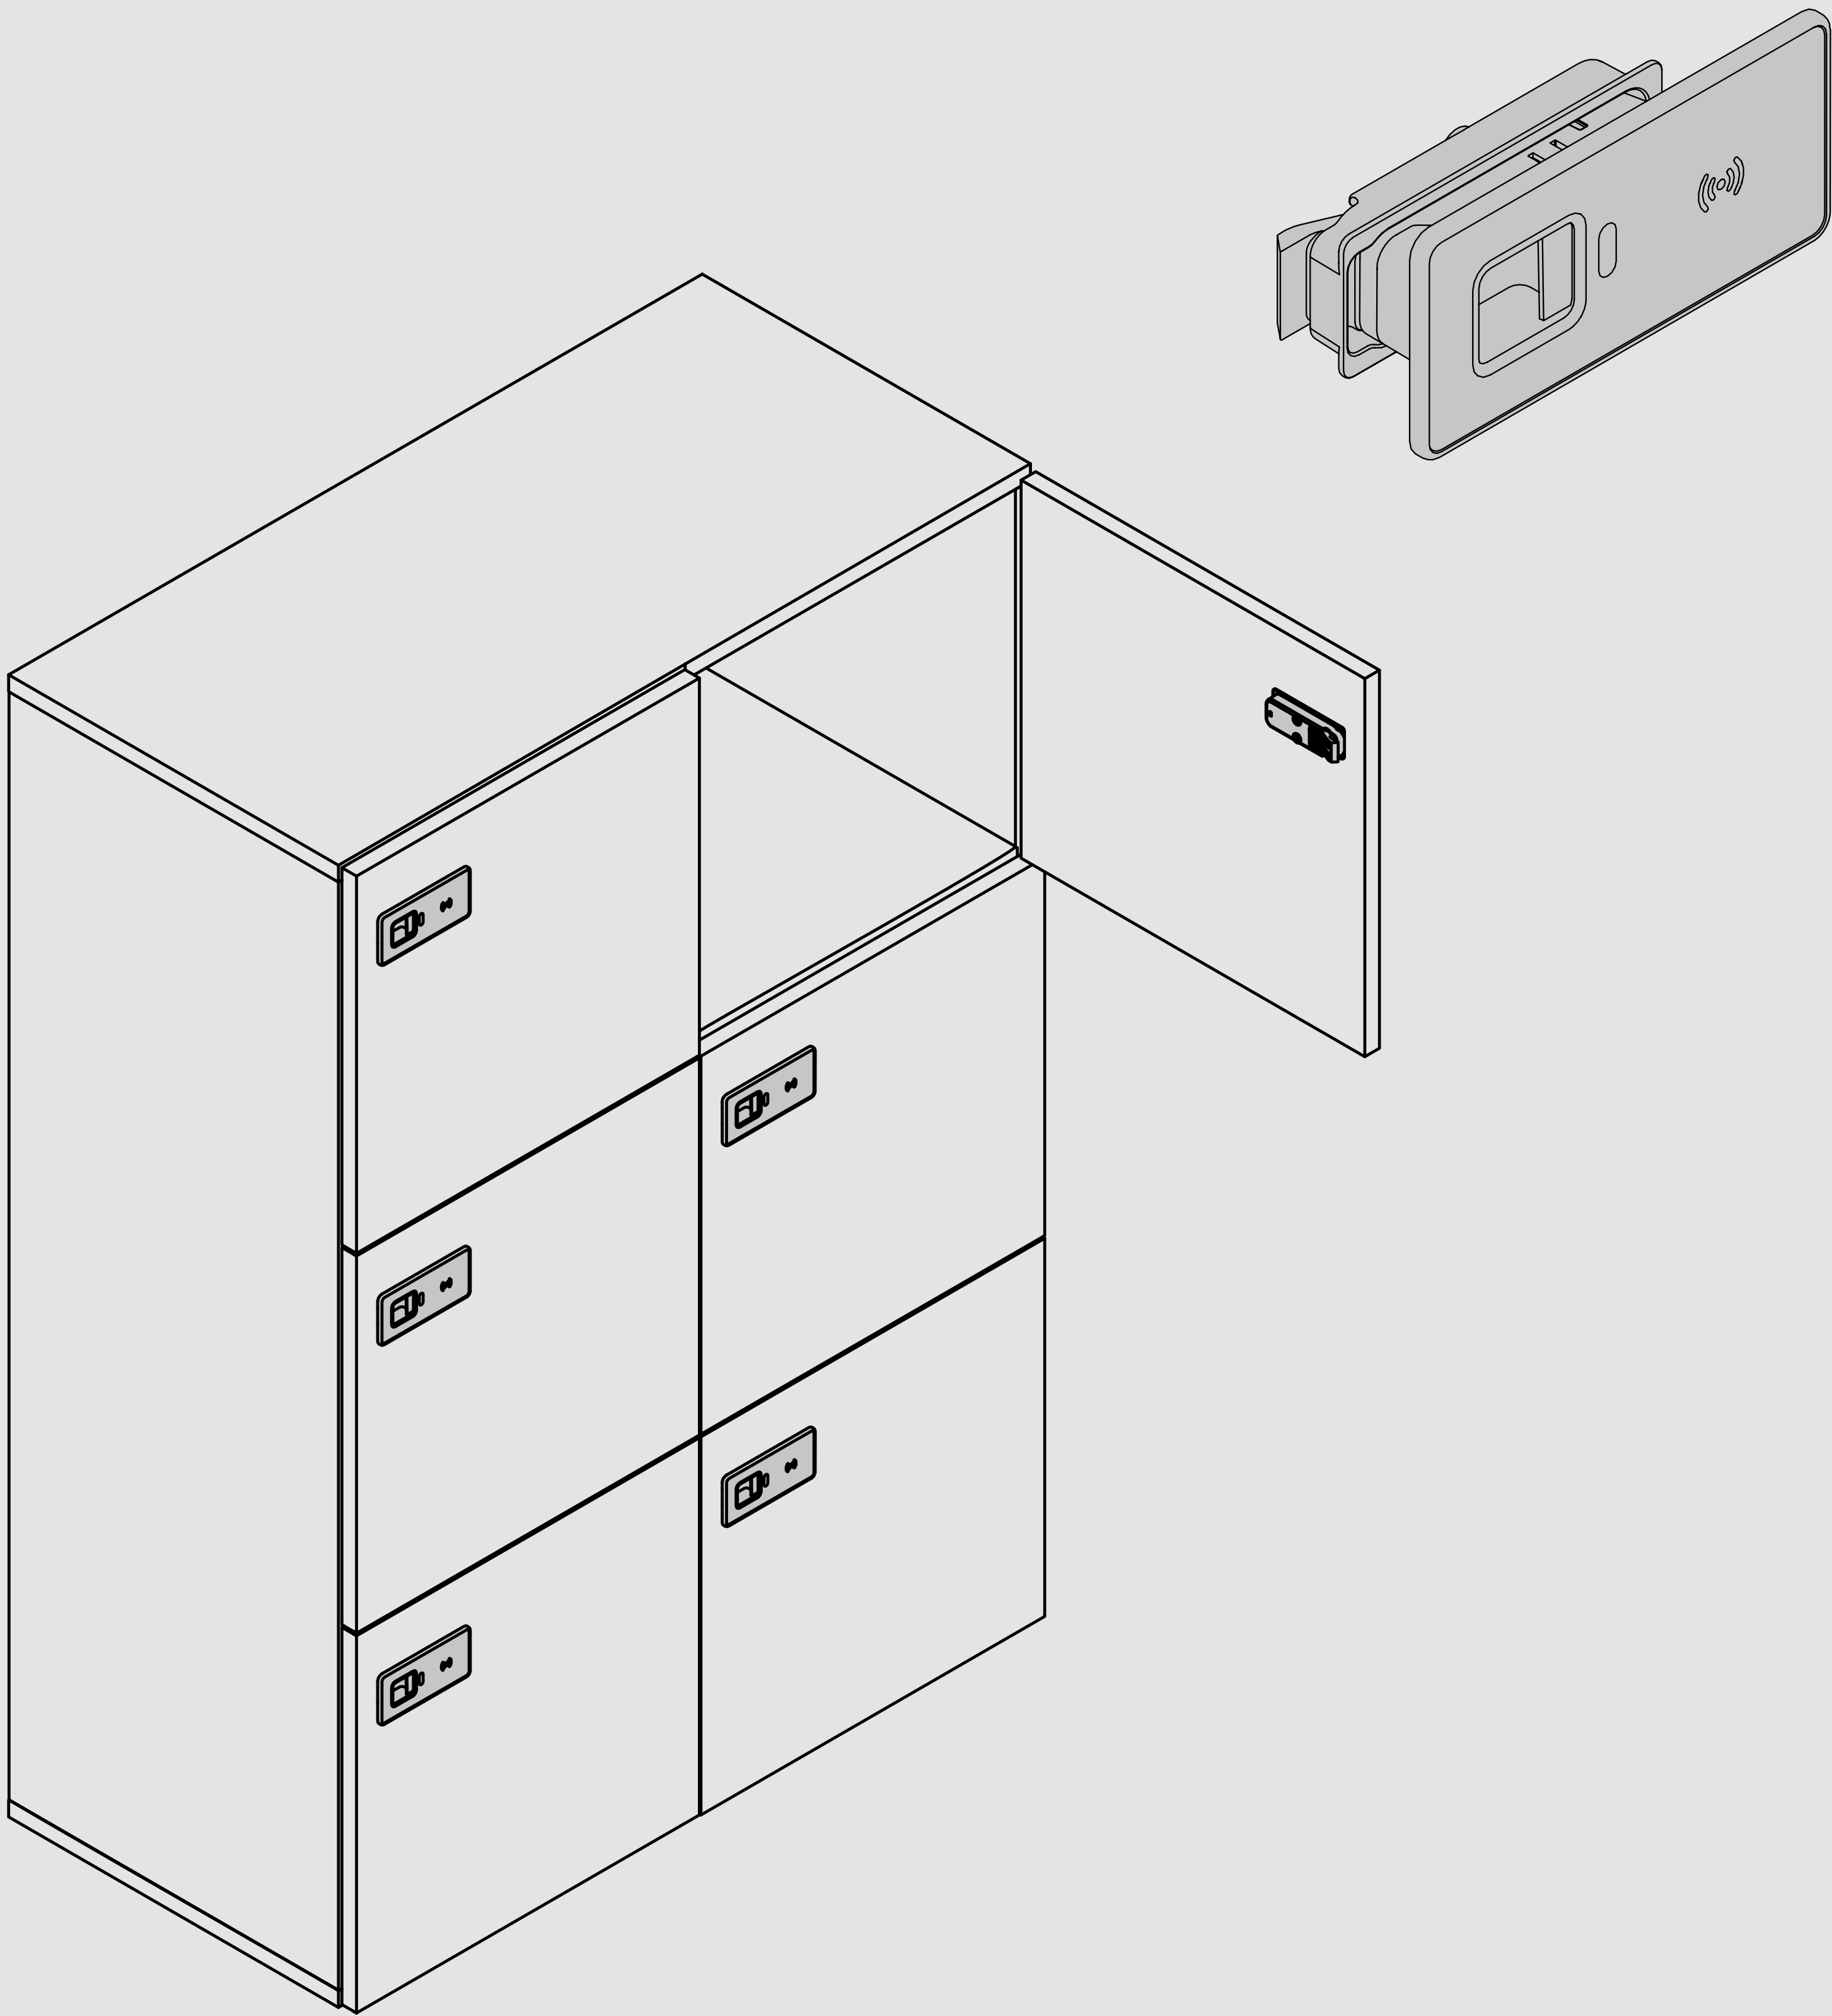

# NFC LOCK

## THE WORLD'S FIRST SMARTLOCK SYSTEM FOR OFFICE FURNITURE

The digital lock operates without  
the need for cables or batteries.  
The smartphone functions as both  
the key and the energy source.  
Operation is straightforward via an  
app.

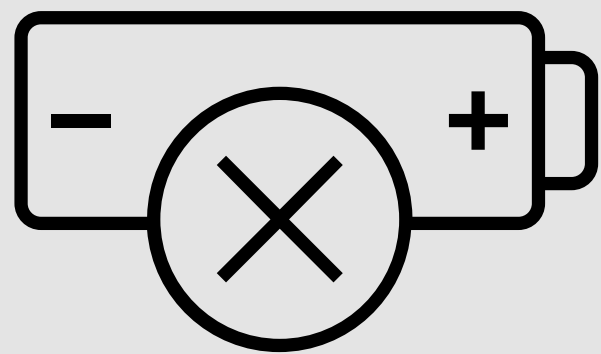

# NFC LOCK

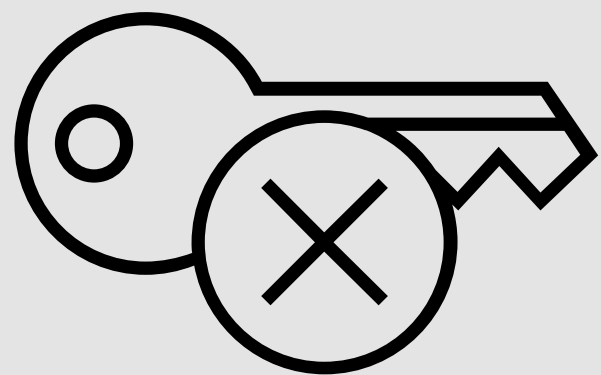

## UNLOCKING VIA SMARTPHONE

- intuitive via SMALOX/ SMALOX Enterprise App on the mobile phone

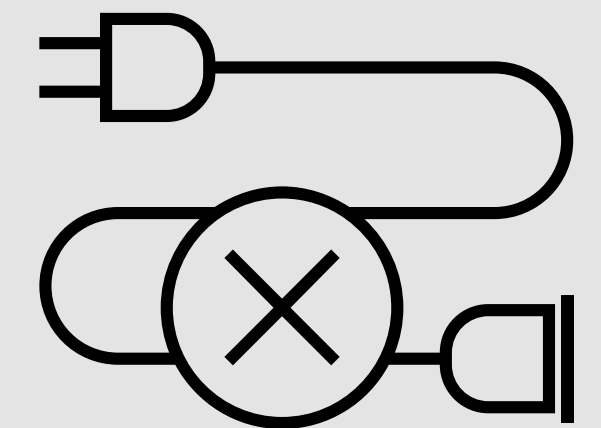

## NO BATTERIES

- NFC Lock is powered by the smart phone
- no maintenance effort due to battery replacement

## NO KEY

- operation via smartphone – no key required

## NO CABELING

- low installation costs
- low initial costs

## OVERVIEW AND USER ADMINISTRATION

- optional enterprise management software with cloud integration
- makes it easier for the facility manager to assign authorisations for a large number of compartments

## MADE IN AUSTRIA

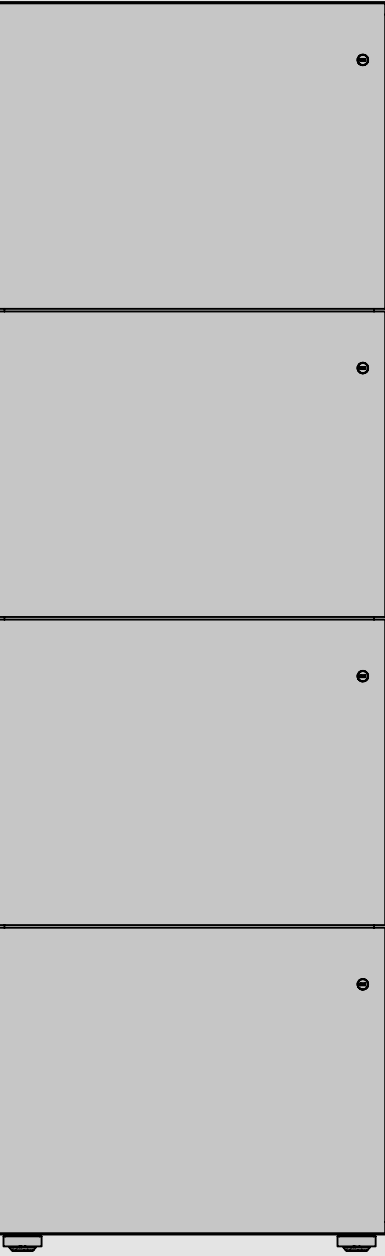

- developed and produced in Austria

# PRODUCT DESCRIPTION

LOCKER\_S creates space for organization in the open office and offers individual storage solutions for open workspaces. Documents and personal items can be securely stored. Single-row, double-row, and triple-row storage modules as well as LOCKER\_S Wardrobes can be flexibly combined. The fronts are available in up to three different colors. Optionally, the LOCKER\_S unit with panels – consisting of a top panel, side panels, and rear wall – can be equipped. A plinth panel is also available, which particularly enhances the look of freestanding storage units.

# THE BENE RESPONSIBILITY

Approximately 80% of all raw material supplies come from Austria, while a further 14% come from Germany.

The raw material Bene uses the most is wood (over 90% from certified forestry).

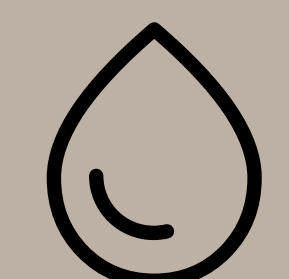

99,9% of all deliveries reach us from a European country.

Environmentally friendly materials used and harmful substances and components avoided.

Bene uses biomass for heating – specifically, wood waste from our own production site.

100% electricity sourced from hydropower and LED lighting in our production facilities.
