OFFICE KITCHEN

SPACE FOR EXCHANGE AND ENJOYMENT

Whether it’s an informal discussion whilst eating together or a coffee after a holiday - the office kitchen is the social hub. From the compact kitchenette to the inviting work café to the spacious kitchen solution with island - modern office kitchens promote dialogue, strengthen cooperation and create an atmosphere of well-being.

With individual design options, high-quality materials and a wide range of colours, every office kitchen becomes a functional highlight - and an authentic expression of the corporate culture.

The VIBE kitchen model with classic handles, creates a timeless look. There is a choice of bow or bar handles. These can be configured in different colours and positioned horizontally or vertically on the kitchen fronts.

MEETING POINT WORK CAFÉ

A quick espresso, spontaneous conversations or informal meetings - the work café offers the atmosphere of a lounge and the functionality of a versatile workspace. As a communicative hub, it brings brand and culture to life - for internal teams and external guests alike. Here, the kitchen island becomes an architectural anchor point.

FUNCTION MEETS ATMOSPHERE

Perfectly equipped and invitingly designed, the kitchenette offers everything you need for a break in your working day.

The SMART kitchen model with modern handle strips creates a minimalist, elegant design. The handle strips can be configured in different colours and can be mounted horizontally or vertically on the kitchen front.

*special color

PRODUCT DESCRIPTION

Each kitchen is individually planned and assembled. We offer a complete solution - from the carcase to the electrical appliances - all from a single source. Carcass parts, rear wall, worktop and handles are available in different colours and materials.

There are two versions to choose from: the VIBE kitchen with classic handles and the handleless SMART kitchen. Each kitchen is equipped with high-quality AEG electrical appliances, which come with a 5-year guarantee (only on the core range from the order form). Further details on the appliances can be found in the order form.

GENERAL

Carcass parts

The carcass parts are made of 19 mm melamine-coated chipboard with a 2 mm thick edge on the front of the cabinets and compartments.
