INVITATION

BREAKFAST CLUB

During the week of Orgatec, Bene will present a special exhibition titled “THE WORK NOW OFFICE” at our Cologne showroom from 25 to 28 October 2022.

Be among the first to experience a wide range of new and diverse Bene products and ideas including a resource saving solution for interior architecture, innovative production methods using circular materials and future focused planning tools. One core principle underpins everything we do: our solutions must be functional and meet the individual requirements of our customers, without losing sight of one essential factor – our environmental and social responsibilities.

You are cordially invited to a breakfast in our Cologne showroom. A treat to look forward to – the latest creations and sources of inspiration from the world of Bene.
