INTELLIGENT OFFICE SPACE SETS THE STANDARD

Individual room sizes enable tailored office zones for every requirement.

Befitting locations for communication in small groups.

»The Bene wall system clearly sets new standards in technology, acoustics and upgradability.«

Ewald Reicher, Project Leader for Room Planning and Space Management

Raiffeisen Bank International

Company Space2move is a sophisticated office development project for Raiffeisen Bank International, providing office space with exemplary infrastructure near the Vienna city centre.

Briefing Space2move consists of five connected building elements with a total of 46,000 m² of office space. High-quality options for room utilisation and custom-designed offices of various sizes are available. Bene was responsible for the production and assembly of 1,900m of walls. The Bene R-Platform was selected, providing a significant contribution to the quality of the offices due to its remarkable design and creative versatility.
